2004-05	155

Demand for Chrome Ore

2192. SHRI PYARIMOHAN MOHAPATRA: Will the Minister of STEEL, be pleased to state:

(a) whether it is a fact that the total demand of chrome ore for stainless steel and other steel related industries in the country has increased; and

(b) if so, the details of any long term projections of demand relating to such industries and the details of plan, if any, to meet their requirement of raw materials particularly chrome ore?

THE MINISTER OF STEEL (SHRI RAM VILAS PASWAN): (a) Yes, Sir.

(b) As per the Working Group Report of Tenth Five Year Plan constituted by Planning Commission, the domestic demand of Chromite (considering 6% growth in production of Ferro Chrome) will be 18.28 lakh tonnes during 2011-12. The available resources are sufficient to meet the requirement of chrome ore. Furthermore, Export Policy of maintaining

ceiling on export of Chrome Ore is continuing in order to ensure the availability of Chrome Ore for domestic users.

Long Term Plan for Growth of Steel Sector

2193. SHRI PYARIMOHAN MOHAPATRA: Will the Minister of STEEL be pleased to state:

(a) whether there are any long-term plans for healthy growth of the steel sector keeping in view the raw material resources in the country; and

(b) the details of facilitating role being played by his Ministry in achieving planned growth?

THE MINISTER OF STEEL (SHRI RAM VILAS PASWAN): (a) and (b) Yes, Sir. The Government is formulating a National Steel Policy (NSP). The long-term goal of the NSP is that India should become self reliant and globally competitive in the steel sector. The NSP *inter-alia* acknowledges that the country has rich endowment of iron ore and non-coking coal and outlines the policy for making such critical inputs available to the industry. Apart from the broad based policy statement, the NSP also chalks out specific action points for the Government to achieve the policy objectives.
